

## Our Mission...

*That Latin Americans and their nations would be transformed with the Gospel and a Biblical worldview through training, equipping, and motivating current and future leaders.*

LATCOM is a unique mission that seeks to spread the Gospel in Bolivia and across Latin America by training, equipping, and motivating people within their own countries to become Christian leaders.

We believe that by inspiring and empowering people from the countries where we work to become leaders, more people in Latin America will come to know Jesus Christ as Lord and Savior. Since 1984, LATCOM has pioneered ministries in Latin America. Having built a rich tradition, we now minister in 13 Spanish-speaking countries and have begun training indigenous leaders to reach the 400 tribal groups of the Amazon Basin.

## Our Organization

LATCOM is a partnership between North American and South American Christians. In the U.S., LATCOM has a Board of Directors, an Executive Director, a home office staff, and several U.S.-based missionaries. Likewise in South America, there is a Board of Directors (based in Bolivia), a Bolivian staff, and several Bolivian missionaries. LATCOM's U.S. office gives support and counsel to our Bolivian counterparts.

## Ministries

- Leadership training, including indigenous leadership training
- REDES Project—church planting and evangelism
- Monte Blanco Christian Camp & Conference Center
- Secular leadership outreach
- Sending mission teams from the United States
- International seminars
- National missionary training
- And more

## How You Can Get Involved

LATCOM needs people, churches, and ministries to partner with us as we serve God in Bolivia and Latin America. You can help by **praying, giving, and going**. Ask the Lord how He wants you to join in. Then contact us to learn more!
