

Prayer

1. For the new believers that they would grow in the Lord.
2. Many physical and spiritual needs in the communities.
3. Onesimo and Elodia as they seek to partner with a church organization to meet legal requirements.
4. Omar and Ana as they work with the REDES Lomerio leadership.
5. Additional funds for REDES projects - especially camps.

Praise

1. Short -Term Missions Trip
 - Much fruitful ministry
 - Good travel and weather
 - Outreaches and training
2. Pastors' Conference at Monte Blanco challenged the leaders that attended
3. Openness to the gospel message
4. Dental program opening doors to the gospel
5. Our team of translators.

Joys of the Trip

One of the joys of the trip was being able to have some time with the Bolivian staff. It is always a blessing to minister with Omar and Ana Vasquez. We had a very profitable 4-hour evaluation time with them at the end of the trip. It gave us time to see things from their viewpoint and their needs in the ministry.

Another joy was connecting with translators and catching up on how God has and is working in their lives. One of our translators had a major job decision to make. We spent one evening talking and praying that God would make it clear to her. The day of our team lunch in Santa Cruz she joyfully shared how the Lord had shut the door on the one job and opened the door to the other. As she shared, another translator, who has some major decisions to make, was also encouraged.

Omar is working with the translators to build a team not just when we are there but to also have them go with them throughout the year to minister in the Lomerio, His desire is to see more of the churches in Santa Cruz reach out to the people in the Lomerio.

Please pray for Onesimo Rojas as the government is requiring all churches to be under a registered organization. He needs to find an organization to fulfill this requirement as new churches are planted in the Concepción area.

Ministry Update

What a joy to see God work in hearts and lives during the summer mission trip in July! We were overjoyed to see the hearts of the people so open to the Gospel as we ministered in the Lomerio, seeking to build relationships and doing leadership training. John talked with one man who had many questions and through showing him the answers in the Bible, this man bowed his head and accepted Christ as Savior. Over and over again we saw the Word of God working in people's lives.

In Puquio the team took part in the dedication of the playground. The mission house is located in this community and it was the desire of the REDES leadership to do something special for them. The community leaders provided the wood and the REDES leadership helped with the design and construction. LATCOM provided the hardware and the slide. Over 200 people came out for the dedication. John had the opportunity to share the gospel message. The community leaders presented Omar Vasquez, Nathan Ramsey and John with a boiled chicken which is a great honor. It is the equivalent of someone being given the keys to the city here in the states.

In the afternoon there were leadership training classes. Glen McClintock, David Bowers and John taught on salvation and security of the believer.

Kathy Ramsey, Rebecca McClintock, and Karen taught a women's seminar on the importance of daily devotions. The women were given a devotional plan for the year. Pray the women would read God's Word each day and make it a priority.

From the Lomerio and went to Concepción where the emphasis was on leadership training, dental hygiene and relationship building. Glen, David and John did the seminar on salvation and the security of the believer in three different communities. It is exciting to see how the people are growing in their relationship with the Lord.

We also had the opportunity to visit the community of San Miguelito. Several people accepted Christ as Savior through home visits made by the team.
