

### ***Thanksgiving***

- We thank God for the mini-projects we've been able to accomplish in several communities under the Seeds phase of the NETS Project
- We thank God for the continued construction of the San Lorenzo Church.
- We praise God for the beginning construction of a new building for the Porvenir Maranatha Church
- We thank God for the teams that have visited the Lomerio, Zapocó, and Porvenir churches.
- We thank God for the NETS Regional Committee and their commitment to the development of the area churches.

### ***Prayer Requests***

- Prayer for sister Tania and the surgery she is needing.
- Pray that God would give Brother Roberto Masaí, strength and wisdom as he leads the Buen Pastor Church in San Lorenzo.
- Pray for the NETS Project leaders as the review, evaluate, and project the future of the NETS Project
- Pray for the DVBS children's programs set to take place in September.
- Pray that the Lomerio Churches would finally get the benefits of electricity. The project is under construction.
- Pray for the youth programs in the various churches.
- Pray for the success of the women's organization and their fundraising, local crafts programs.

***Leaders are sensitive to the needs of the people around them.***

God see the heart of Nehemiah and what he sees causes him to smile. Nehemiah is a man who is sensitive and cares about the things on the heart of God. Nehemiah was born in Babylon and he has it made. The problems in Jerusalem must seem like a million miles away. He's never even seen Jerusalem. But when he hears about God's people, depressed, discouraged, defeated, he takes it seriously and he responds.

***Leaders are sensitive to the needs of the people around them.***

This is the first principle of leadership that we find in the book of Nehemiah. The people that God uses are people who care about the things God cares about. And God cared about the fact that the walls of Jerusalem were broken down. Since God cared about it, Nehemiah cared about it and that made him a leader. Bob Pierce, the founder of World Vision, used to say, "Let my heart be broken with the things that break the heart of God." That's the first step in being a great leader. A sensitivity to the needs around you.

*From the book Liderazgo Con Propósito by: Rick Warren.*

***Swiss Bible Mission Visit***

Brother Walter, the director of the Swiss Mission in Riberalta, Bolivia visited with missionary Pablo Chuvé for the purpose of encouraging renewed relationships with the regional committee for the NETS project and to continue the training programs they offer through their Bible Institute in Riberalta.

***Ayoré Youth Program***

As a result of training received through the NETS Project a couple, Richard and Tania, began a special Sunday School program for Ayoré children from Zapocó who are currently living in Concepcion. They also began a program for Ayoré youth inviting them to join the youth programs held on Saturday evenings at the Maranatha Evangelical Church in Porvenir.

***Reaching Un-evangelized Communities***

A USA youth team under the direction of US missionary Sue sent out by IMB Mission visited the Lomerio area to help us take the Gospel to the unreached Chiquitano communities of Fátima, Todos Santos and Florida. They held special programs for children, youth, and adults. The team was well received by the communities and challenged the believers to continue the work.

## ***Zapocó Visit***

Members of the Villa Rosario Church along with Chuck Ramsey visited Zapocó in order to encourage the church and to help in community development. They disassembled the old church saving the roofing and timbers for the construction of a multi-purpose dining and Sunday school building. The Ayoré people were grateful for the help these believers gave them.

## ***Testimonies***

The bus driver who drove an evangelistic team to the Chiquitano communities of Fátima, Todos Santos and Florida, heard the Gospel and made the decision to accept Christ as his Lord and Savior. The next day he asked missionary Pablo Chuvé to baptize him. Praise God for the fruit of this evangelistic effort.

### ***Pastor Miguel Ípamo's Testimony***

Results of the Harvest Project:

The work we were able to do for our community allowed us to show the love of God without words. Our local church cleaned up our community which helped us fulfill God's mandate to care for his creation, to be a service to others, and to share the love of God in a way that opens doors of opportunity for the Gospel.

## ***Free Medical Care for the Lomerio Communities***

Dr. Inés Rebecca Dávalos attended patients in El Púquio, Colorado and San Lorenzo with the purpose of:

- Training the women in water purification methods.
- Teaching women on the importance of balanced menus and what foods should be consumed daily.
- Identifying common parasites in the area's children.
- Giving out vitamins and treating children for parasites.

Part of the care offered was to collect samples from area children which revealed a significant infection level of parasites and protozoa, among which Giardia and Lamblia was discovered.

Dr. Inés treated adults for gastric problems, lumbar pain, colds, arthritis, skin infections, and any medical needs that arose.

Her work was very well received in the communities and aided by the mothers who helped gather lab samples for the evaluation of their children. Furthermore, Dr. Inés was able to do extensive teaching on health topics for the women in the communities she visited.

## ***Cattle Project***

The leaders of the area expressed their joy and gratitude for the benefits they are receiving from the cattle project started last year under the NETS Project. It is helping them become financially independent. (Note more cattle are needed)

## ***A New Church Building for Porvenir***

The Maranatha Evangelical Church in Porvenir is exploding and have a desperate need to build a new church. They have stepped-up to the challenge and have begun to build a new sanctuary, bathrooms, and a multi purpose shelter. They have divided the work into phases and on Sunday June 18th they planted the first support beam for the church. Area leaders attended the inaugural act as did many invited guests. (Would you consider supporting this project?)

## ***HARVEST***

June 3rd and 4th Harvest missionary Marcelo Lazo held the second training workshop for area leaders titled "Training the Trainers". This workshop was held in the El Púquio community with 30 leaders in attendance. The workshop reinforced the earlier teaching while also helping the churches develop new mini-projects that will aid them in reaching their communities with the Gospel through community development projects.

## ***Anniversaries***

June 16- Maranatha Church – Porvenir  
June 27- Cristo Viene Church – Monterito  
May 31- Pastor Eloy Mollo and wife celebrate their Silver wedding anniversary.

## ***San Lorenzo Church***

From June 30th till July 7 we hosted a USA team from First Baptist Church of Saint Cloud, Florida who helped build the new church in San Lorenzo. With their help we were able to complete the second phase by roofing the building. We are praying for the funds to complete the next phase. Joining this team were Ken and Nancy Whisler, Pastor Bruce Bader, and Doctor Ines Dávalos who held training workshops for area leaders and women, and held programs for area children.

## ***The Ñuflo de Chávez Women's Conference***

The Cristo Vive church in El Púquio hosted area Christian women for the ninth consecutive Women's Conference during the dates of April 29 — June 1st. The key-note speaker this year was Marcela Valenzuela. The conference was a great help to area women and challenged them to continue serving their families and churches. One result of this conference was the selection of the Board of Directors for the first local Christian Women's Organization. These leaders are tasked with carrying on the work and outreach to area women.

The next women's conference will be held at the Maranatha Evangelical Church in Porvenir.
