

Requests

- ☞ Pray for the gentleman who has provided the funds for the construction of the new temple in the Coloradillo, Porvenir, and San Lorenzo communities.
- ☞ Pray for the acquisition of Bibles, which will be a blessing for our brothers and sisters and newly converted Christians.
- ☞ Pray for the ceiling change and expansion of the mission house in Púquio.
- ☞ We thank God for our brothers Jhonny, Lorenzo, and Lucas, who took classes in Riberalta for training. We ask the Lord, their guide, that these brothers may work in their churches.
- ☞ We pray for Pablo and his family for the work being done as a member of FRALIC, and for supporting the project and the activities in Lomerio and the church of Porvenir.
- ☞ We continue praying for the teachers of children at the church of Zapocó.
- ☞ We pray that God will provide the resources for the sewing machine project.

Thanks & Praises

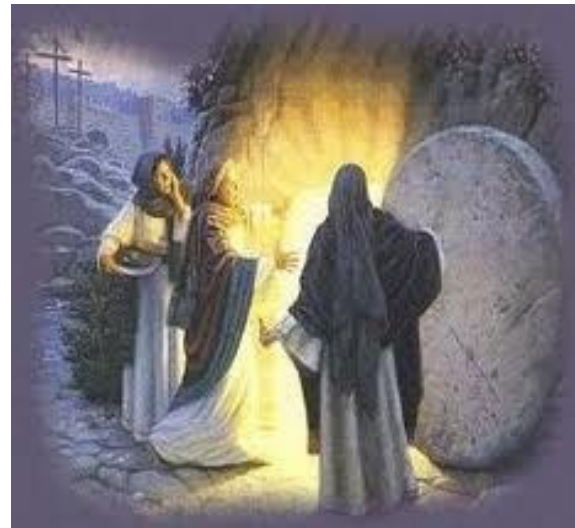

- ☞ We give thanks to God for the acquisition of a vehicle, which will help fulfill the ministry that our brother Pablo Chuve is doing.
- ☞ We give thanks to God for our brothers and sisters in the Coloradillo community who have begun construction of the new temple.
- ☞ We give thanks to God for the laying hens project. The hens have already begun to produce.
- ☞ We give thanks to God for Erwin and his family, who continue working in Lomerio.

Relationship Evangelize Discipleship Training Service

***He isn't here, for He
has risen.
Matt. 28.6***

Vision of the Church

That every local church will be: desiring to fulfill the great commission through worship, continued spiritual growth, and serving in the community.

Vision of the Disciple

That every disciple has an intimate relationship with God, loving people and serving in the community.

Master, we have been working all night and haven't caught anything – answered Simon – but because you've commanded me, I will let down the nets. – Luke 5:5

Camp Carnival February 2012

With participation of 130 brothers, the Camp Carnival was held in the community of Púquio. This event reunited brothers from different churches to participate in Bible studies and recreational activities. The theme of the camp was: "Giving my time, my life, and resources to God". We give thanks to God, because the brothers left challenged and promised to apply what they had learned, and to teach it in their churches. Finally, the leaders decided the camp in 2013 will be held in the Coloradillo community.

The God Is Love Church – Newly Formed Part of the NETS Project

We praise God for the God Is Love church in the community of Surusubí, that has become part of the work being done by the Regional Committee through the NETS project. All of our brothers and sisters gave thanks to God for this unity through the Father. The brothers continued to work together in spiritual growth and continued to bring new people to Christ.

Craftsmanship

The women's committee, through the direction of its president Sister Martina Chore, is doing craftsmanship that includes: bags, purses, and embroidery – with the intention of supporting financially area leaders and raising funds for the 10th Women's Committee, and also to welcome non-Christian women from the community.

We Received a Visit From LATCOM in Ñuflo de Chávez

In February, we received a visit from the Executive Director of LATCOM, brother Timothy Ramsey, accompanied by John and Karen Little and brother George – members of the mission. The reason for the visit to Lomerio, Zapocó, and Porvenir in Concepción, was to become more familiar with the work being developed, see the projects, and learn their needs. The director of the mission was happy to see the growth of the churches through the NETS project and alliances with other institutions. Our brothers and sisters were happy for the visit and gave thanks to God for the help that they receive through the mission.

Preparation for Baptism

We give thanks to God for our newly converted brothers and sisters from different communities who received Jesus Christ as Lord and Savior of their lives through their baptism, as commanded by the Father.

Pastor Eloy Mollo's Work With NETS

Since the beginning of the NETS project, Pastor Eloy Mollo was involved as an instructor. The project developed with leaders of different churches from Monterito, Surusubí, Púquio, Coloradillo, San Lorenzo, Zapocó, and Porvenir. After several months of work, the NETS project was written in order to strengthen the churches and fulfill evangelism efforts. The leaders of the area value greatly Pastor Eloy's committed help in training the leaders and implementation of the NETS project.

Relationship Evangelism Discipleship Training Service

Beginning of Construction

Construction of the new temple in the Coloradillo community has begun. Pastor Fermín Charupás, together with members of the church, have begun work on the construction of the foundation, and they already have tiles for the roof. The church is in prayer to continue the work and be able to raise the funds to complete the first phase, which will be up to the roof.

Brotherhood in the Churches

To strengthen the unity in the churches and get financial resources, the churches are doing different activities, including: worshipping together, selling food, and participating in recreational activities.

Work to Raise Funds

The sisters of the church of Porvenir are making rice bread, beef stew, and other foods to raise funds for the construction of a dining room and then bathrooms. They also continue tending to the garden with vegetables, beans, and manioc.

Welfare

The Coloradillo and Púquio churches are doing social work with the Semilla project, helping to construct housing for people in the community with health problems, who thank God, are attending church.

Testimony From the Chore Family in Coloradillo

We want to thank God, because we used to live in my parents' house and we didn't have a home. My children were 5 and my husband is sick. One day the brothers from the church here in Coloradillo visited me, saw my sick husband, and told us that they could help us construct a cottage. Thanks to

God, as you can see we now have a house. That day when we got home, we ate lunch together, and my entire family accepted Jesus as Lord and Savior, and now we are going to church. – Francisco and Amelia.

Future Construction

The Evangelical Maranatha Church of Porvenir, began construction of a dining room that also will be used as a classroom for Sunday school. The church is also collecting materials for the construction of the bathrooms and showers.

Ministerial Training Workshop for the Teachers of Children

Thirty-five brothers participated in a training workshop held for Sunday school teachers and Children's Clubs, given by brother Marcelo Lazo, member of the Harvest ministry. This workshop was held from March 29-31 and took place in the communities of Púquio, Monterito, and Coloradillo. The seminars help to improve teachers' performance, as it aims to give greater attention to children.

Testimony of Sister Josefina, Sunday School Teacher From the God is Love Church in the Surusubí Community

Q: What was the Sunday school teacher training workshop like?

A: It's a helpful and new experience for me. I learned how to work with a new profile for children. I will work better so that these children can later evangelize to other children. Professor Lazo explains well and wants us to be qualified.

Q: What did you learn from the class, and what do you plan to do now?

A: I'm going to give more time and patience to teach the children, and I will try to find more resources in materials so that I can learn. I also think about those who aren't coming, I want to visit them and I will share my concerns with them and pray with them. Finally, I will prepare a better environment for the class.

Tenth Women's Congress - Ñuflo de Chávez

The Ñuflo de Chávez women's conference prepares to hold and celebrate its tenth women's congress, to be held October 18-21 in the community of Porvenir Concepción. The central theme of this event will be "Ambassadors of the Kingdom". We will have special guests, who have been invited to discuss these themes. Other special invitees include women from other places. The sisters are working to raise funds and attend this congress.

Hens Project

Engineer William Vaca was satisfied when he saw that the laying hens project is already having success. The brothers are using the eggs for food and selling them.

NETS Project

On March 23, we had a reunion with all church leaders involved in the NETS project to continue developing the project on evangelism, discipleship, and also to plan activity programs that will happen throughout 2012.

Integrating the Ayoré People in Different Workshops

Four young people from the Zapocó community attended the training workshop for Sunday school teachers that was held in Lomerio. The young people left thankful for the training provided and challenged to begin teaching Ayoré children in Sunday school at their church.
